

Accessories for the Dolphin[®] 7850

Mobile Mount

The Mobile Mount is a durable, low-cost cradle accessory for securely mounting the Dolphin 7850 terminal inside a vehicle.

The adjustable RAM bracket provides a wide range of ergonomic mounting positions and the Mobile Mount housing is compatible with the Dolphin Mobile Charger for charging the terminal. The kit includes the cradle for the terminal and an adjustable RAM vehicle mounting bracket.

Part #: 7850-MME

Holster with Belt Clip

Holsters provide convenient storage for terminals and protect them from damage in mobile environments. The front pocket holds an extra battery, the side pocket holds an extra stylus, and the belt loop secures the holster to a belt.

Part #: 7850 Holster E

Tote/Carry Bag

The Tote is an over-the-shoulder carrying bag for the Dolphin 7850 that provides convenient storage and transport and easy access to the terminal during use. Added space and exterior pockets are provided for carrying additional peripherals such as compact mobile printers, cell phones, and a spare battery.

Part #: 7850-TOTE

Charge/Comm Cable Kits

Dolphin charging/communication cable kits are an all-in-one solution for mobile applications. Each cable kit powers the terminal, charges its main battery, and communicates with host or peripheral devices without the need for a cradle.

Cable kits can support RS-232 or USB communications and are available with U.K. or European power cords (USB, U.S. shown).

Protective Cover

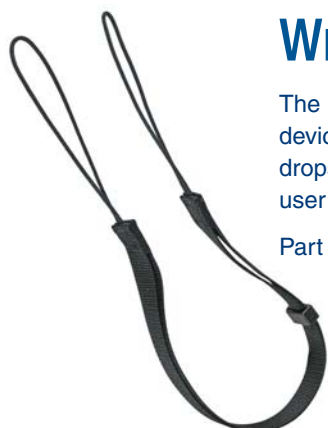

Protective enclosures help seal and protect terminals from damage while providing full access to all terminal parts and features. The swivel clip on the back enables you to secure the enclosure to a belt.

Part #: 7850 Cover E

Protective Rubber Boot

The Rubber Boot is a form-fitting rubber cover that can be slid over the Dolphin 7850 to protect the device in exceptionally rugged environments.

Part #: 7850 Boot E

Wrist Lanyard

The Dolphin 7850 wrist lanyard provides a way to secure device to the users' wrist, helping to prevent accidental drops and keeping the device easily accessible while the user is multi-tasking.

Part #: 4800050E

Battery Door Tether

The tether keeps the battery door connected to the body of the device when accessing the battery.

Part #: 300000660E

Stylus Kit

The Dolphin 7850 stylus kit includes three styli and lanyards that can be attached so the stylus is easily accessible when stored in the pistol grip.

Part #: PC000827-02E
